

Intended recipient: Professor Rafiq Rzayev Chief Dobromed Baku Hospital

Dear Sir,

It's my pleasure to address you today on behalf of Excellence in Quality and Management Forum and European Awards Night organizing committee.

We are pleased to invite you, as the head of the top regional healthcare establishment. According the research conducted in cooperation with Europe medical Association Dobromed Baku Hospital demonstrates high performance and effectiveness, patient-centred care, high quality of medical servises, innovations in healthcare technology and received high quality scores from consumers. It deserves to take part in the Excellence in Quality and Management Forum and European Awards Night which will be held 4 October in the world festivals capital – Cannes. You can present your institutions' successes and effective treatment to event participants, partners and guests during one of the Success Stories day's platforms.

The event culmination - European Awards Night is dedicated to honouring the best representatives of national business, healthcare and culture elite with the significant international awards. It's my pleasure to inform that your institution was chosen as one of the best regional healthcare establishments and is nominated for the 'Best Hospital' award and you, Professor Rafiq Rzayev is also eligible for the 'Manager of the year' medal in healthcare sphere.

This is in recognition of your excellent reputation, safe and effective treatment methods, outstanding professional experience and successful management.

Award winners will receive the right to present company, and share their experience in quality management at The Best Regional Enterprise platform within Success Stories day. This key platform is is dedicated to presentation of prominent national companies in different activity spheres including economy and business, healthcare and education.

This bright and exciting event designed to help you achieve your global business goals, communicate with your dream partners and global business experts, get support from world's leading speakers and business leaders, success recipes from leaders in the field of science, healthcare industry and business from different countries.

I will be glad to provide more complete information about the event and unique privileges of Best Hospital should you require.

Yours sincerely, in anticipation of your response, Excellence in Quality and Management Forum Coordinator Nataly Green
